Dear Friends,

Thank you for your interest in Cabin Inns at Mogollon Airpark, located on the beautiful Mogollon Rim of the White Mountains. The enclosed information will introduce you to our exciting, unique, and affordable four seasons resort cabin vacation ownership opportunity within an easy drive of Phoenix.

Even in today's complicated real estate market, many are looking for an affordable mountain getaway vacation home. Our research has found that the average working family with their busy lives will use their vacation home approximately 20-35 days throughout the year. Our resort cabin ownership opportunity provides owners a fractional deeded interest in rustic looking high brow window cabin models with modern luxury on the inside and out door hot tubs with every cabin.

The flexibility of your ownership allows you to either plan your vacations in advance or come to the resort on the spur of the moment. You can also choose to use multiple cabins on a single stay should you choose to bring extended family and friends to share your vacation.

In most instances, you will find your monthly cabin ownership investment with the various options for financing can be less than today's car payments. Although we can make no promises, we are currently seeing excellent appreciation in the newest concept of fractional interest properties in Canada and the U.S.A.

When your cabin is not in use, it will be placed in the Cabin Inns rental program providing an income opportunity to offset some of the owner's expenses. With the onsite security, maintenance and housekeeping, all cabins are superbly maintained and immaculate for your use as well as paying guests. We anticipate a very robust occupancy rate based on the resort's conference center and amenities offered for corporate retreats, family reunions, and other specialized events.

We look forward to your visit in the near future and suggest Mogollon Resort Cabins, 1-877-92-CABIN, www.azresortcabins.com for your lodging during your visit to get acquainted with our four-season destination resort. Please do not hesitate to call or email us at info@cabininns.com for additional information. Thanks again for your interest in Cabin Inns at Mogollon Airpark.
